

**ICE RINK POLICY FOR WHEELCHAIR USERS
DEPARTMENT POLICY**

PURPOSE:

To provide safe and enjoyable ice skating for all within St. Louis County Parks and Ice Rinks.

POLICY:

We welcome people with disabilities to take to the ice and have fun. Should the person require a mobility device on the ice and be under the age of 18, we prefer that the person be accompanied by a responsible adult in skates. Normal charges apply for the person with a disability and the assisting skater goes free. Should the person require a chair on the ice, a seat belt is highly recommended for safety purposes.

Please ensure you mention that you are a wheelchair user when booking your ticket. Wheelchair access to the ice rink is at the discretion of the management in the interests of health and safety for all users.
