

FAUST PARK

Faust Park has a lot of different areas to explore. There is Thornhill, the Butterfly House, St. Louis Carousel, Faust Historic Village and more. Lots to see and do!

#1. Find Thornhill. It was the home of Missouri's second governor, Frederick Bates. Near the house is the family cemetery. Find the governor's tombstone (it has faded with time and is hard to read, but there is sign nearby that shows what it used to say). At the base of his marker is a bronze plaque. What is at the top center of the plaque?

#2. Find the Butterfly House. Outside the building are two large sculptures. What are they? _____ &

#3. Find the St. Louis Carousel Building. This carousel is over 85 year old! It used to be at an amusement park called 'The Highlands' that was destroyed by a fire in 1963. How many reindeer are on the carousel? _____

#4. Go to Faust Historic Village and find the Mertz Cabin. There is something on the front porch that looks like a treadmill. What is it?

#5. Now find the one room schoolhouse. On the front porch, you can read all the rules that teachers had to follow many years ago. Above the front porch, there are 3 letters on the building. What are they? _____

#6. Finally, find the Lamella Barn. 'Lamella' is a unique type of roof design. Look all the way to the top of the roof. Those boxy things sticking up are called 'cupolas' and serve as air vents. How many cupolas are there? _____
