

**A list of certified contractors to test backflow devices is available on the St. Louis County website. Please visit:**

<https://stlouiscountymo.gov/st-louis-county-departments/transportation-and-public-works/backflow-testing/>

If you do not have the ability to view this listing on the website or would prefer a printed copy, please call 314-615-7800, leave your name, address and type of system your device serves and a list of certified testers will be sent out within one business day.

To access the listing of contractors:

- Go to:  
<https://stlouiscountymo.gov/st-louis-county-departments/transportation-and-public-works/backflow-testing/>
- Select the contractor list based on the type of system the device services. The type of system is provided in your testing notice. Find the system type in the chart below; read across, the dots indicate the different contractors certified to test your system type.
