INSTRUCTIONS

1. EQUIPMENT TYPE

The Equipment Type can be found on the Motorola label near the top of the radio. Example: APX4000/6000/7000.

2. RADIO ID

The eight digit **Radio ID** can be found by transmitting on the radio and reading the ID displayed on another radio.

3. **Serial Number** This ten digit number is found by removing the battery on a portable radio.

4. ALIAS NAME

The **Old Alias** name is found at the bottom of the display on portable radios. The Alias is not displayed on Police and Fire mobile radios.

5. **The New Alias** name should only modify the last 5 digits of the Old Alias.
